

Arts

Curriculum Content

The Arts are practised and valued in our society as important outlets for the communication of ideas, feelings and beliefs and as major sources of intellectual, physical, and emotional development. Our school Arts curriculum divides itself into **Arts** and **Music**. It is aimed at providing a comprehensive and sequential learning experiences in arts, and providing individuals with the necessary skills, understandings and confidence to participate fully in the arts throughout their lives. Through our arts program, students are expected to:

1. Develop their intellectual, imaginative and expressive potential through the arts
2. Create, perform or present arts works – in Art or Music form
3. Develop understanding of how the arts evolve within particular social, cultural and historical contexts
4. Enjoy participating in the processes of creating, presenting and responding to the arts
5. Develop sound musical skills in at least one type of musical instrument
