Our HSK High Achievers in 2018

Every year during March-April, St. Mark's International School holds an HSK (Hànyǔ Shuǐpíng Kǎoshì) examination, China's only standardised test of Standard Chinese language proficiency for non-native speakers. We would like to congratulate our students on their excellent performance yet again this year. Half of all our students who took the HSK examination attained higher than 90%. Almost all of our students achieved over 80% at all levels.

Congratulations to the following students for attaining HSK scores of 85% and higher. We would also like to recognise Nazneen (Year 6) for achieving more than 75% in level 4, which is significant considering her age.
